Important to Housekeepers!!

WOODMAN'S

CELEBRATED SOAP!!

The above celebrated soap is an article which every family, hotel, laundry, boarding house, &c., will find upon a careful trial, to be the very thing required for economy and saving of labor:

1st Because clothes can be washed in one-fourth the time.

2d They require no rubbing or pounding thereby saving labor, and the injurious effects of the old method.

3d It bleaches and leaves them pure white, and for colored cloths it is unsurpassed, as it does not extract the dye but has a tendency to set the color. For washing paint and windows it cannot be excelled.

It is warranted not to injure the clothes in any way.

It is put up in boxes of ten pounds each. Full directions on each box for the use of it.

The Soap can be had at the house of J. H. Davis, who is sole agent for Marion county, on Fifth street, near Wm. Green's Hemp Press, or of Curtis & Lockwood, on Main, near Hill street.

NEW-YORK TRIBUNE.

THE NEW YORK TRIBUNE having completed the twelfth year of its existence, on the 9th of April, signified its entrance into its teens by an enlargement of its borders, adding fully one third to its area, and which will require us to pay more for the white paper on which it is printed than all we receive from its subscribers. And ample as our income has been, (though less ample than it has been currently reported) our expenditures for the next year must be larger than our annual income has ever been.

We have taken this important step at without reluctance, but upon the maturest consideration. There are thirteen of us concerned in the Tribune establishment proprietors with one hundred and seventy more directly employed on the paper—all to be subsidized out of our current income, and this enlargement adds some \$50,000 per annum to our expenses without necessarily increasing our receipts. Yet we encounter so many obstacles of the small type, too fine print, for the eye, &c., that we have resolved to risk our all in the enterprise of making a paper which will satisfy many thousands who have hitherto stood aloof, and so enlarge our Subscribers and Advertising as to secure us a reward for our exertion in the future equal to that we have enjoyed in the past. If we can add one-fourth to our reading matter, and present the whole in fair clear type of good size, we believe we may very double our circulation, and thus, though of no direct advantage to us, secure such an increase of our Advertising as will leave us nothing to desire.

The Semi-weekly Tribune was enlarged to the new size of "Daily," and we urge our country friends who have no daily mail, or think they cannot afford a daily paper, to give this an examination. We always study to devote the largest possible amount of useful and interesting matter into our Weekly; yet it is physically impossible for us to should print there even one-third of our letters from home, Asia Minor, India, California, Mexico, Central America, &c., &c. All the news are given in our semi-weekly. There is not another paper issued in the world which contains so large an amount of original reading for so small a sum; and we trust that, since postage has been reduced to a cent a mile, there are thousands of our friends who may now take the weekly, who will henceforth like the semi-weekly. We will send a specimen to any one who, without subjecting us to expense, shall be fit to apply for it.

The Weekly Tribune will likewise be enlarged to the new size of "Daily," in deposituary news, at three times its current volume. It will then be the largest weekly offered in Cuba for \$1 per annum in the world, and its price will not be nearly or quite all that we receive in it. Our Subscribers. We shall hope to make it pay after printing a small part of the new space we thus create. As it is, we must, until such enlargement, we must continue to keep within the narrowest limits. It is used every Sunday morning and contains most of the matter of the day, with supplementary sections of such Events and Proceedings as cannot be published in full. We mean that no Why shall surpass the giving a full, graphic, and forcible account of what the World is Doing, whereof it is thinkable how it is Proceeding.
